# real bartenders. real drinks. real service.

Our bartenders have experience and expertise where it matters most. They have maneuvered with ease in the busiest of bar settings and are bringing their skills to YOU.

We pride ourselves on delivering 100% guest satisfaction to each and every guest.

Just wait until you try our handcrafted menu. After consistent disappointment with what we were finding on the store shelves, we began squeezing our own citrus, handcrafting our own syrups, and mixing up mixers for your enjoyment. Choose from our seasonal options.

## **OUR GOAL**

Bring the real bar experience to your event no matter how big or small, thru our cocktail catering.

With *better than your average service*, our bartenders are happy to give your guests a memorable experience and provide a unique element to elevate your event.

*Here for you from consultation to last call*
